Tenor is a type of classical male singing voice, the vocal range of which is between the countertenor and baritone voice types. The tenor's vocal range (in choral music) lies between C 3, the C one octave below middle C, and A 4, the A above middle C. In solo work, this range extends up to C 5, or "tenor high C". The low extreme for tenors is roughly A ? 2 (two A ? s below middle C).
